important, undoubtedly

Smile that is not only in the eyes.
When he is not smiling his face is
one of startled bleakness & suppressed
anger at the lack of comprehension
by his guests or co, as though from
intelligent people there could be none.
But when he casts his eyes down
he has an icy humorlessness despite
the disconcerting effect of the bright
lighting of his receding forehead &
the bright
eyebrows. When he raises his
eyebrows, the effect is one of pouring off.
There is no change in the set of his lips -
passion, esp. eyes.
